

Dear Friends,

"Are you all ready for this fight? Are you all ready to lock in? We are NOT giving up this country without a fight!" These are words from [AOC's Speech at the NY Rally with Federal Workers](#). What is your answer and how are you showing up in this moment? How are you fighting? Are you contacting your electeds, thanking them when they've done something well and voicing your anger when they haven't? Are you attending protests and rallies? Are you writing letters to the editor?

Thank you!

Thank you to everyone who joined us at Alkemy Coffee for our little Community Gathering before heading into the Hunterdon County NAACP Black History Celebration. It was wonderful to see so many of you!

Contact your U.S. House of Representatives member and tell them not to cut Medicaid!

A U.S. House of Representatives vote on a budget resolution that would likely cut up to \$880 million in cuts to Medicaid will happen this week!

Contact your U.S. House of Representatives member TODAY and tell them you value people with disabilities and oppose budget cuts to Medicaid! Trump promised not to cut Medicaid, but the current House proposal to cut \$880 billion dollars from the House, Energy, and Commerce budget (a large chunk of which includes Medicaid) would inevitably lead to steep cuts to Medicaid [according to both Republican and Democrat lawmakers](#). It is simply impossible to cut the budget this much without cutting Medicaid, and people with significant disabilities comprise too much of that budget to remain unscathed. People with developmental disabilities rely on Medicaid for assistance with daily living activities, personal care, specialized therapies, housing, and more.

## Economic Blackout

On February 28, 12am-11:59pm, an economic blackout, the brainchild of The People's Union USA, will take place to show the people's power over big corporations. Big corporations only care about money. Disrupting the economy for one day will send a message! Online chatter has been debating who it will really affect/hurt if we choose to not spend our money at all that day. As with all things, use your own conscious/life situation to guide you on what makes sense to you personally. In general:

What not to do:

- Don't make purchases the day before or after to compensate for not spending it on February 28
- Don't make purchases at big box stores or online that day, especially Amazon, Walmart, Best Buy
- Don't buy fast food or gas

What you can do:

- Only buy essential supplies (i.e. food, medicine)
- Only support small local businesses

Thank PA U.S. Rep. Brian K. Fitzpatrick today!

This past Thursday, PA U.S. Rep. Brian K. Fitzpatrick made a public announcement in support of Ukraine saying, "Zelenskyy, must not, and need not, have any deal forced upon him by any outside nation that does not guarantee the security and the sovereignty of the Ukrainian people." If you are one of his constituents, contact his office today and voice your support!

Call NJ Congressman Tom Kean Jr.'s office every day ask for his response about:

January 6th pardons.  
Elon Musk's access to American's private information from the Treasury Department.  
Threatened cuts to social security, rental assistance, WIC and TANF which will hurt many people in NJ, especially young children.  
Withdrawal from the Paris Climate Agreement and his support of fossil fuel. Our government should be embracing clean and green energy policies and addressing climate change.  
Trump has chosen unqualified people for his cabinet. They were chosen because they would be loyal to Trump.  
Trump's firing of 17 inspector generals across the federal government, left those agencies without a permanent internal watchdog  
Trump's complete disregard of the Constitution's Domestic and Foreign Emoluments Clauses. No sitting US President should make money from his actions as US President.

Stop the Trump-Musk Coup

Donald Trump and Elon Musk are staging an administrative coup, trying to illegally eliminate agencies, seize control of the U.S. government's payment systems, and gain access to sensitive data on all Americans without any oversight. It's time to fight back like our democracy depends on it. [Click here!](#)
