Donald Trump and Republican members of Congress are calling
for an extension and expansion of the 2017 Tax Cuts and Jobs
Act. And they want to pay for it by making drastic reductions in
federal spending for Medicaid, CHIP, and SNAP. Pennsylvania
voters, like voters in other states, strongly support these
programs, and with good reason. Medicaid provides critical
support for millions of Pennsylvanians. This event is open to
everyone. Join Pennsylvanians Together and the Pennsylvania
Policy Center, in partnership with International Brotherhood of
Boilermakers, for a real conversation about proposals that could
harm Pennsylvanians, and what we can do about them. [Click

ACTION ALERTS

Call NJ Congressman Tom
Kean Jr.'s office every day ask
for his response about:

- January 6th pardons
- Elon Musk's access to American's private information from the Treasury Department.
- Threatened cuts to social security, rental assistance, WIC and TANF which will hurt many people in NJ, especially

young children.

- Withdrawal from the Paris Climate agreement and his support of fossil fuel. Our government should be embracing clean and green energy policies and addressing climate change.
- Trump has chosen unqualified people for his cabinet. They were chosen because they will be loyal to Trump.
- Trump's firing of 17 inspector generals across the federal government, leaving those agencies without a permanent internal watchdog
- Trump's complete disregard of the Constitution's Domestic and Foreign Emoluments Clauses. No sitting US President should make money from his actions as US President.

Stop the Trump-Musk Coup

Donald Trump and Elon Musk are staging an administrative coup, trying to illegally eliminate agencies, seize control of the U.S. government's payment systems, and gain access to sensitive data on all Americans without any oversight. It's time to fight back like our democracy depends on it. [Click here!](#)
